That in the said mortgage the properties were described as being free from all encumbrances.

STATEMENT OF OBJECTS AND REASONS.

The existing Howrah Bridge is nearly 50 years old and has outlived its span of life, and there is a concensus of opinion that it is necessary to construct a new and up-to-date bridge at an early date. In October 1920 public bodies and representative associations in Calcutta were consulted on the various proposals that had been made for a new bridge with special reference to the type which should be adopted. In the discussions which ensued the necessity for an opening span for the passage of ocean-going steamers was questioned and a committee was appointed in June 1921 to investigate the matter. This committee reported in July 1921 that it would suffice to have a bridge with a fixed headway permitting the passage of inland craft. Government accepted this view and referred the final decision as to the type of bridge to be adopted to an expert committee presided over by Sir R. N. Mukherjee, K.C.I.E. This committee after having examined the several types of bridges placed before them unanimously recommended that the new bridge should be of the cantilever type of the dimensions and general descriptions shown in their report; they observed that no time should be lost in building the new bridge in view of the serious condition of the existing floating bridge and the grave consequences which would result from its failure and suggested that specifications and tenders should be obtained without waiting for a decision on the financial aspects of the proposals. Government, however, considered that no useful purpose would be served by such action and obtained the necessary particulars from the Consulting Engineers to the India Office. It is now estimated that the total cost of the scheme (including approaches and claims for compensation put forward by interests injuriously affected) will not exceed Rs. 6,34,00,000. In January 1923 a representative committee presided over by the Finance Member of Government was appointed to consider proposals for financing the scheme and to report on the ability of the trade and people of Calcutta and its neighbourhood to bear the charges which would be involved. The recommendations of this committee, which have been accepted by Government, show that it is possible to finance a bridge of the cantilever type. This bill is drafted to give effect to the recommendations of the two last-named committees.

COMMERCE DEPARTMENT.

NOTIFICATION.

No. 3252Com.—The 4th June 1924.—The eighteenth annual report of the Bengal Smoke Nuisances Commission for the year 1923, is published for general information.

A. MARR,
Secretary to the Government of Bengal.

EIGHTEENTH ANNUAL REPORT OF THE BENGAL SMOKE-NUISANCES COMMISSION FOR THE YEAR 1923.

1. At the close of the period under report the Commission was composed as follows :—

K. C. De, Esq., C.I.E., I.C.S., Commissioner of the Presidency Division—*President.*

S. C. Mukerjee, Esq., I.C.S., Magistrate of Howrah.

R. P. Adams, Esq., O.B.E., A.M.I. MECH.E., Chief Inspector of Factories, Bengal.

A. Carnall, Esq., M I.M.E., representing the Calcutta Port Commissioners.

J. N. Chunder, Esq., Messrs. S. C. Chunder & Co., representing the Bengal National Chamber of Commerce.

Rai Dr. Harichan Dutta Bahadur, representing the Municipal Corporation of Calcutta.

J. D. Balfour, Esq, Messrs. Burn & Co., Ltd., Howrah. } Representing the Bengal Chamber of Commerce.

George Robertson, Esq., The Union Jute Mills (South), Buddertolla. } Representing the Bengal Chamber of Commerce.

J. Robson, Esq., A.M.I.M.E., Chief Inspector and Secretary.

2. In supervising and controlling the important and beneficial operations under the Bengal Smoke Act, for the protection of public health and property, the Commission during the year held 14 meetings. For the last four years the Inspectorial staff has been under the sanctioned strength causing a reduction of the activities of the Commission. In these circumstances and with the object of maintaining, and, if possible, improving the general smoke reduction it was decided to lay greater stress on the construction of new and alterations of old furnaces, etc., general smoke control, and endeavour to strengthen the co-operation of owners in dealing with offences reported to them for their departmental action. The Commissioners are glad to report that this has given the desired result. As shown in the appendix, from 1920 each year brought an increase of smoke, but this is the first year in which a reduction has been effected. The average emission for this year is 1·49 minutes in the hour, against 1·68 for the previous year and is also the lowest for the last three years.

3. The Chief and Assistant Inspectors made 10,099 smoke observations as against 9,856, and the number of visits to factories, etc., for instruction and test was 3,315 against 3,552 for the previous year.

4. To secure a reduction of the smoke nuisance the co-operation of the owners is essential. During the year, 1,454 offences were reported to them for their departmental action, against 1,678 for the previous year, and the Commissioners gratefully acknowledge the beneficial result from such action, which was mostly taken at once. But with some owners it was necessary to put the penal sections of the Act into operation. Statutory warnings were served in 27 cases and prosecutions instituted in 4 cases as against 27 and 7, respectively, in the previous year.

5. In dealing with the destructive smoke caused by the illicit manufacture of coke by the partial burning of raw coal in open heaps, warnings were served on three landowners upon whose grounds the coke was made. The police were authorized to take action, under the Act, in 24 cases against the actual coke-makers.

6. The public continue to apply freely for relief to the Commission. During the year under review 55 complaints were received as against 50 for the previous year and relief was given wherever possible. In addition to these many references were received from the various municipalities, necessitating, in many cases, careful tests.

In a complaint regarding a complicated industrial plant where the smoke was heavily charged with grit, the solution of which was difficult, the owners decided to fit an induced draft fan, which, while producing the necessary draught, automatically separates the grit from the smoke.

7. A few years ago it was enacted that furnaces could not be constructed or reconstructed unless they conform to plans previously approved by the Commisson and that permission of the Commission must be previously obtained to use these furnaces. The expected benefits were not secured, as over 70 per cent. of the owners were unable to produce the required plans. Unsuitable furnaces were built, without plans, and demolition was too drastic. At the beginning of this year Government sanctioned a system under which the owners could have the plans prepared in the office of the Commission on the payment of the necessary fees. Under this system, which has been financially self-supporting, furnaces are now constructed to designs suiting the actual requirements. Operation tests are often made and necessary improvements incorporated in subsequent designs.

8. Acting on the recommendations of the Retrenchment Committee the Act was amended to enable fees to be charged for the approval of plans, granting of permission to use the furnaces, and for reports and tests undertaken by the Inspectors at the request of the owners. The Chief Inspector assumed the duties previously discharged by the part-time Secretary to the Commission.

9. Reference was made last year to the fact that paddy husk hitherto a waste product, was being used instead of coal as fuel in the boiler furnaces of the rice mills, and to the vast economic benefits that would accrue to the industry from the change, and in which the general public would ultimately share. Last year's efforts were principally directed towards securing and perfecting an apparatus that would prevent the discharge of light charged husk from the chimneys. The burning of the husk and the suppression of the discharge of charred husk were taken as separate problems.

The usual type of furnace that had been in use, elsewhere, was adopted and it was more or less accepted at first that no special measures were necessary in the burning of the husk. Further experience with these furnaces indicated that they emitted too much smoke and grit and were uneconomical. The design was altered to suit the apparent characteristics of this particular fuel in the furnace. The new design of furnace, a few of which have been fitted, effected a gratifying advance, and the following appears to be the general experience :—

"With pleasure we record the highly satisfactory results from the new type of paddy husk furnace, lately adopted in one of our factories. With the old type we could only work half the factory, and being situated in a first class residential district frequently received notices for the black smoke. With the new furnaces the whole of the factory is worked simultaneously with an entire absence of black smoke and with less fuel than when only half the factory was worked. We offer the Commissioners our hearty thanks for their expert assistance and best wishes in the wider issue of the general reduction of smoke through the extended use of this most efficient furnace."

The Commissioners are glad to arrive at this satisfactory solution which, apparently, has converted rice milling from a dwindling to an expanding industry. During the year 19 new rice mills were put down and applications for plans for furnaces and husk separators have been received for many more. Under this system the public benefit by less smoke and cheaper rice. The Commissioners have received requests for advice and assistance in the use of paddy husk as fuel from all parts of the world.

10. In coal burning, in the old fashioned plant, smoke reduction is a difficult achievement and entails much more labour and worry to the operating staff and give less outturn than in the modern plant. Obviously, the most efficient smoke reduction follows the reconstruction of the old plant in accordance with modern ideas.

The loco-type and kindred boilers are the worst as regards smoke because the areas through the tubes and particularly the chimney are insufficient. But as these are so designed and supplied by the makers to all parts of the world it was considered undesirable to interfere unless for very good reasons. However, in a number of such boilers, though it was not possible to alter the tube area, the maker's chimney was replaced with a larger one having the required areas. The steaming capacity of the boiler was greatly increased with a gratifying reduction in smoke. Obviously, in the public interest, such boilers in future must as regards chimneys comply with the requirements of the Commission.

Draught at the place required is the fundamental requirement for furnace outturn and smoke reduction. The loss between the chimney and the furnace is usually very heavy and at the furnace where it is required it dwindles to the frail pressure of a very small fraction of an ounce per square inch.

In a natural draught installation recently re-constructed in accordance with the requirements of the Commission and embodying the latest endeavours to prevent losses in the draught and to make as much as possible available at the furnace the installation gave a greatly increased outturn, high efficiency, greater flexibility in steaming with an entire absence of black smoke. The following is the owners' experience :—

"We have the honour to bring to your kind notice that on the suggestion of the Smoke Nuisance Department we have reconstructed and amended the boiler flues and furnaces and repaired the engines of our aforesaid mill. We beg to point out here that on six months' test the daily coal consumption has been reduced from 200 mds. to 150 mds. with a better factory outturn, easier on the firemen to work, and an entire absence of black smoke. We beg to tender our best thanks to the Commissioners."

In steamers the quantity of smoke is usually a measure of the draft defects. In large natural draft steamers with a number of boilers where each boiler has its uptake carried to the top of the main funnel each boiler has always the draft due to the full height of the funnel. But, in others, where the uptake of each boiler is only carried to the root of the funnel, the draft is insufficient when using only one boiler for cargo purposes, or using, say, two when moving from one part to another of the port, particularly in the latter, when the smoke is worst, the draft is insufficient to produce that flexibility in steam production that should exist when meeting the dangerous conditions of a river like the Hooghly.

11. Electric and gas appliances for commercial as well as domestic fires should be encouraged as permanent remedies for atmospheric pollution caused by smoke. During the year 532 motors aggregating 7,530 horse-power were connected to the high and low tension systems of the Calcutta Electric Supply Corporation.

In the area controlled by the Commission there are a quarter million domestic furnaces, in many of which, and in many thousands of sweetmeat shops, bhunja shops, bakeries and other furnaces raw coal is used. The smoke is discharged at ground level and fills the adjacent houses. Collectively, in the suburbs, particularly in the cold weather evenings, localities are enveloped for several hours in a low-lying suffocating smoke pall, even on holidays when the mills are stopped.

The remedy is gradually to replace the present smoky furnaces with smokeless appliances. The Commissioners are glad to note the increasing progress of the Oriental Gas Co., Ltd., who report that during this year they fitted 1,158 gas appliances for domestic purposes and 48 for industrial purposes. In addition to these they supplied gas to a number of appliances imported direct by the customers including gas engines, linotype, monotype, typecasting machines and furnaces of various kinds.

J. ROBSON,
Chief Inspector and Secretary.

K. C. DE,
President.

CALCUTTA, THE 13TH JUNE 1924.

RESOLUTION No. 5387.

READ—

The Report on the Administration of Jail Department in the Presidency of Bengal for the year 1923.

READ ALSO—

The reports for the years 1921 and 1922 and the resolutions of Government recorded thereon.

The interesting report presented by the Inspector-General of Prisons is a record of a return to more normal conditions after the disturbance caused by the non-co-operation movement. There was a large decrease in the

number of prisoners, the average daily strength falling from 15,220 in 1922 to 13,734 in 1923; there was a marked improvement in health generally; there was an improvement in discipline among both prisoners and warders; and the cost of guarding and maintaining the prisoners fell from Rs. 27,24,712 in 1922 to Rs. 23,28,304.

2. The principal changes which have been introduced in accordance with the recommendations of the Indian Jails Committee are given in the report. Whilst it must be admitted that much remains to be done, especially in the separation of prisoners, His Excellency in Council considers that satisfactory progress has been made within the limits imposed by financial considerations; but the proper classification and separation of prisoners, which is one of the most important reforms advocated by the Committee, cannot be attained until funds are provided for the establishment of an habitual jail and a Borstal institution for adolescent convicts.

3 The number of juvenile convicts of less than 16 years of age fell from 687 in 1922 to 310 in 1923, but the large number in 1922 was abnormal. The number in 1923 however is less than in 1920 and 1921. It is satisfactory to note that no corporal punishment was inflicted in the Juvenile Jail, and that the number of other punishments was far less than in previous years. The Inspector-General attributes this gratifying result to the reformatory measures which have been introduced, as well as to the enforcement of strict discipline.

4. In the case of ordinary prisoners, corporal punishment has been restricted to cases of mutiny, incitement to mutiny and serious assaults on public servants or visitors. The number of whippings decreased from 73 in 1922 to 37, although there was a slight increase in the total number of punishments.

5. Useful work has been done by visitors, and the new system under which the official and non-official visitors constitute a Board, hold quarterly meetings and make joint inspections has worked satisfactorily. His Excellency notices with pleasure the interest which non-official lady visitors have evinced in the welfare of female prisoners and the sense of devotion which inspired the honorary religious teachers mentioned in the report to give religious instruction in the jails.

6. The thanks of Government are due to the Calcutta Prisoners' Aid Society for the assistance rendered in providing accommodation and employment to prisoners after release. There is a real need for the formation of similar Societies in mufassal towns and Government have asked the Inspector-General of Prisons to ascertain the possibility of establishing branches of the Calcutta Prisoners' Aid Society.

7. An audit of the manufactory department of the Presidency Jail after the fire in April 1922, revealed serious defalcations and showed the need of better technical control and more thorough supervision. The Deputy Superintendent and three other officers were either removed or dismissed by the Inspector-General, and action was taken to prevent further irregularity. The adequacy of the measures taken and the introduction of a more suitable system of accounting are still under the consideration of Government.

8. His Excellency has much pleasure in acknowledging the good work done by the various officers mentioned in the report and in thanking Lieutenant-Colonel Thompson for his efficient administration of the department.

ORDER.—Ordered that a copy of this resolution be forwarded to the Inspector-General of Prisons, Bengal, for information.

Ordered that copy of this resolution and a copy of the report be submitted to the Government of India in the Home Department.

Ordered also that the resolution be published in the *Calcutta Gazette*.

By order of the Governor in Council,

W. S. HOPKYNS,

Secretary to the Government of Bengal (offg.).

DEPARTMENT OF AGRICULTURE, BENGAL.

Monthly Weather and Crop Report of Bengal for May 1924.

I. **Character of the season.**—During the month the rainfall was general throughout the Province. It was above the average in the East Bengal districts and Jalpaiguri and light to moderate elsewhere. The usual rainfall statement is appended.

II. **Progress of agricultural operations.**—During the early part of the month, sowing of jute and autumn paddy and preparatory tillage for the transplanted paddy were progressing in the West Bengal districts, but towards the end the operations suffered owing to insufficient rainfall. In East and North Bengal, field operations proceeded under favourable conditions.

III. **State of standing crops.**—The state of standing crops was generally reported to be satisfactory except in West Bengal where want of sufficient rain was keenly felt.

IV. **Prospects and probable outturn.**—The outlook of autumn crops and deep-water paddy was so far promising in East and North Bengal, but elsewhere it was not satisfactory.

V. **Damage to standing crops.**—No damage was reported from any part of the Province during the month.

VI. **Condition of agricultural stock.**—The condition of live-stock was generally fair. Stray cases of cattle-disease were, however, reported from seventeen districts.

VII. **Failure of pasturage and fodder.**—Fodder was reported to be generally sufficient. Scarcity of water was, however, reported from parts of 24-Parganas, Burdwan, Murshidabad and Hooghly.

VIII. **Prices of food-grains.**—During the second fortnight of the month, the prices of common rice of the cheapest quality fell in four districts, rose in six and remained stationary in the rest of the Province. The price ranged from 6 seers per rupee at Tippera to 9 seers per rupee at Jessore.

IX. **Condition of agricultural population.**—The condition of the agricultural population was reported to be fair on the whole.

2. Wherever in these rules, any act or proceeding in the office of the Cantonment Authority is directed or allowed to be done or taken on a certain day or within a prescribed period, then, if the office is closed on that day or on the last day of the prescribed period, the act or proceeding shall be deemed to be done or taken in due time if it is done or taken on the next day thereafter on which the office is open.

CANTONMENT FUND.

3. All money transactions to which any member of a Board, or any officer or servant of a Cantonment Authority is a party in his official capacity shall, immediately and without any reservation, be brought to account in the books of the Cantonment Authority, and all money received shall be lodged in full in the treasury, and shall be credited to the appropriate account, and shall not be utilized to meet current expenditure.

4. In no circumstances whatever shall any fund be maintained by the Cantonment Authority except the regularly authorized cantonment funds.

Accounts.

5. Except in the case of cantonment offices specifically exempted from the operation of this rule by the Officer Commanding-in-Chief, the Command, the Revenue and Account branches of every cantonment shall be kept distinct from each other and under separate officials who for this purpose shall be termed, respectively, the Cashier and the Accountant. All sums due to the Cantonment Authority shall be received by the former official, and in no case shall the same person compile the accounts and superintend the collection of taxes and other revenue. No person employed in a treasury shall assist in any way in collecting cantonment revenue, or in posting the cantonment books.

6. No addition to, or modification of, the registers and forms prescribed in this Code shall be made, and no new forms shall be introduced by any Cantonment Authority, without the previous sanction of the Governor-General in Council. In the matter of details connected with accounts, the Cantonment Authority shall be guided by the instructions of the Accountant-General.

7. As far as possible all accounts shall be maintained in English. Alterations and corrections in a voucher shall be authenticated by the payee. Corrections in an assessment list shall not be made save under the initials of a person authorized under the Act, or the rules made thereunder, to alter the assessment.

Erasures shall on no account be made in registers, statements, cheques, vouchers or accounts of any description.

Audit of Accounts.

9. (1) The accounts of the cantonment fund shall be audited by the Examiner of Local Fund Accounts.

The auditor shall return for further action any items on which final or sufficient action has not in his opinion been taken; and shall before leaving bring to the personal notice of the President items which have not been disposed of.

11. (1) The Examiner of Local Fund Accounts shall submit a note on the audit to the Accountant-General, who shall forward copies thereof with his remarks to the President and the Officer Commanding-in-Chief, the Command, for necessary action.

(2) The audit note should contain the following certificate :—

> "Certified that a copy was kept in my office of the annual account for the year submitted to the Officer Commanding-in-Chief, the Command, with my endorsement No. , dated and that the account has been compared with local records and found correct, subject to the following remarks."

12. As soon as the audit note has been received in the office of the Cantonment Authority the same shall forthwith be taken into consideration and, where there is a Board, the President shall convene a meeting of the Board to decide upon the action to be taken in regard thereto. The action so taken shall be indicated on an interleaved copy, or on the margin of the audit note, which shall be sent to the Examiner of Local Fund Accounts, as promptly as possible and at the latest within three months of the date of receipt of the note. A copy shall at the same time be sent to the Officer Commanding-in-Chief, the Command. A similar annotated copy shall be kept in the office of the Cantonment Authority, and shall be placed before the audit officer at his next visit.

13. (1) Whenever any loss of cantonment monies, through embezzlement, fraud, theft or other cause, is discovered, inquiry shall at once be instituted by the President and the fact of the loss shall be reported forthwith by him direct to the Local Government and to the Accountant-General, who shall, if necessary, investigate the matter. When the matter has been fully inquired into, a report shall be submitted to the Local Government and the Accountant-General showing the total sum of money lost, the circumstances in which the loss took place, and the steps taken to recover the money and to punish the offenders, if any.

(2) No money thus lost shall be written off the accounts except with the sanction of the Governor-General in Council.

Exception.—The provisions of rules 9 to 13 shall not apply to the Aden cantonment fund, the accounts of which shall be audited by the Accountant-General, Bombay.

CHAPTER II.—BUDGET ESTIMATES.

Preparation and Submission.

14. (1) On or before the 1st day of September in each year, the Cantonment Authority shall submit to the Officer Commanding-in Chief, the Command, a budget estimate of the receipts (including grants-in-aid required, if any) to be paid into, and of the expenditure to be incurred from, the cantonment fund for the ensuing financial year.

(2) The budget estimate shall be drawn up in Form No. 1, and shall be considered and passed by the Cantonment Authority before submission to the Officer Commanding-in-Chief, the Command.

15. The following general rules shall be observed in preparing the budget estimate :—

(*a*) The estimate of income shall be based upon a comparison of the last three years' receipts and, in the case of fixed income, upon the actual demands, inclusive of any arrears due which are likely to be realized. When receipts are growing or falling, and the three years' averages are deceptive, a rise or fall, as the case may be, may be provided in the budget estimate.

(*b*) The estimate of expenditure on fixed establishments as well as fixed monthly recurring charges on account of rent, allowances, etc., shall be made according to the actual sanctioned scale, irrespective of savings, and shall provide for the gross sanctioned pay without deductions of any kind. In the case of progressive salaries, the rates of pay which will be due on the 1st September of the year to which the budget relates shall be adopted.

(*c*) For contingent expenditure, the estimates shall be based upon the average actual expenditure of the past three years, exclusive of any special items of expenditure that may have been incurred during those years.

(*d*) The budget estimate shall be framed so as to provide for a closing balance of not less than 10 per cent. of the estimated expenditure.

(*e*) The invested funds of the Cantonment Authority shall not be shown in the opening and closing balances; but details thereof according to face value shall be given in Appendix B to the budget estimate.

16. The Officer Commanding-in-Chief, the Command, may sanction the budget estimate, provided that, if the budget estimate provides for a grant-in-aid from the Government of India, or if in the opinion of the Officer Commanding-in-Chief, the Command, the budget estimate requires modification for any reason, he shall submit it with his recommendations for the orders of the Governor-General in Council.

17. No money shall be paid from the cantonment fund unless the expenditure is either :—

(*a*) provided for in the sanctioned budget estimate, or

(*b*) sanctioned by the Officer Commanding-in-Chief, the Command,

or unless in the case of revision of establishment, or of expenditure on original works, detailed proposals or estimates have been prepared and sanctioned by competent authority.

Re-appropriations.

18. (1) A Cantonment Authority shall not incur expenditure for which no provision exists, under any of the heads of the budget estimate, or in excess of the amount provided under any head, without making provision for the excess by re-appropriation from some other head under which savings are ascertained or anticipated, or by recasting the budget estimate and obtaining the sanction of the Officer Commanding-in-Chief, the Command, to a revised estimate in supersession of the original estimate.

(2) Applications for re-appropriation of funds shall be accompanied by a re-appropriation statement in Form No. 2.

19. The Cantonment Authority may—

(a) with the previous sanction of the Officer Commanding-in-Chief, the Command, re-appropriate any sum from one major head of the budget estimate to another;

(b) re-appropriate any sum from one minor head of the budget estimate to another minor head under the same major head:

Provided that the Cantonment Authority may not—

(a) employ the allotment for original works otherwise than as proposed in Form No. 2, without the previous sanction of the Officer Commanding-in-Chief, the Command, or

(b) utilize for other purposes any portion of a grant-in-aid or contribution given for a specific purpose.

Explanation.—The following are examples of major and minor heads :—

Major head—I Rate and Taxes.
Minor head—(a) Octroi.
Major head—A. General Administration.
Minor head—(1) Executive Officer.

Inevitable Payments.

20. The want of provision in the budget estimates or the temporary exhaustion of the budget allotment under any head, shall not operate to prevent payment or refund of any money due by a Cantonment Authority, or to prevent record of any actual payment under its proper head of account. Such claims shall be met by re-appropriation or by re-casting the budget estimate in accordance with rules 18 and 19. All liabilities shall be liquidated without delay, and in no circumstances shall a liability be allowed to stand over to be paid from the budget grant of the following year, nor shall payments or refunds be postponed to the last days of a month or the last month of the financial year.

CHAPTER III.—OFFICE ACCOUNTS.

Receipt of money.

21. All monies received for credit to the cantonment fund shall be entered in the general cash book, either directly or through a subsidiary register in From No. 3.

All sums paid into the treasury on account of the Cantonment Authority and all payments made on cheques, shall be entered in a pass book in Form No. 6, which shall be sent with each remittance and on the last working day of the month, to the treasury to be written up. At the close of each month, the entries on each side of the pass book shall be totalled and a balance struck under the signature of the Treasury Officer. In no circumstances shall any entries be made in the pass book except by the treasury officials.

Payment of money.

27. Ordinarily, payments shall be made by cheque, but sums for less than Rs. 20 may be paid from permanent advances, where payment by chaque is not specifically prescribed by those rules.

28. (1) Every item of expenditure shall be entered in a bill in the form prescribed by this Code. Bills and other vouchers presented for payment shall be examined by the Executive Officer or other officer appointed by the Cantonment Authority in this behalf, and, if the claim is admissible, the authority good, the signature true and in order, and the receipt a legal quittance, he shall make an order to pay on the bill and sign it. (2) After the order to pay has been entered on the bill and passed, the payment shall be made either by cheque drawn in the name of the payee or in cash from the permanent advance. In the former case, the requisite entry shall be made in the general cash book and the bill having been stamped "paid by cheque No. , dated " shall be filed. In the latter case the bill having been stamped "paid in cash" shall be retained in the custody of the holder of the permanent advance and the requisite entry shall be made by him in his permanent advance account.

(3) Every payment order shall be made on a bill, a note being made on the file concerned referring to the number and date of the bill. A reference shall also be made on the bill to the file to which it appertains.

29. (1) Cheques shall be in counterfoil in Form No. 7 and each cheque shall bear a book number and a serial number. All cheque forms, with counterfoils, shall be bound in books which shall be kept locked in the personal custody of the drawing officer, who shall notify to the treasury the number of each cheque book brought into use.

(2) On receipt of a cheque book the drawing officer shall record on it the number of forms it contains. When relieved of his office, he shall take a receipt for the number of cheques made over to his successor, and shall send to the treasury a specimen of the relieving officer's signature.

30. (1) Every cheque shall be signed by the Executive Officer : provided that, in the case of a part-time Executive Officer, cheques for sums in excess of two hundred rupees shall be signed by the President, or in his absence, by the Vice-President.

The loss of the cheque shall be noted on the counterfoil. If a fresh cheque is not issued in place of the lost cheque, the procedure laid down in sub-rule (2) of rule 32 shall be followed. If a new cheque is issued, its number and date shall be quoted against the original entry in the general cash book with the remark that the original cheque has been lost and the following note shall be made on the counterfoil of this cheque :—

" Issued in lieu of cheque No.

Classified Abstract.

35. (1) For the classification of receipts and expenditure, a classified abstract shall be maintained in Form No. 9. The Form shall be kept in two volumes, one for income and one for expenditure. A separate page shall be opened for each item of the budget estimate under which provision has been made, and the receipts and charges appertaining to those items for each day shall be taken, either as they occur or in the aggregate for the day, from the general cash book or from the bills, and entered in the approximate columns of the abstract. At the end of each month the totals and progressive totals shall be made under each of the heads of the abstract, any transfer entries which may have been made in accordance with these rules being taken into account.

(2) Subject to strict compliance with sub-rule (*1*), the Cantonment Authority may open in the classified abstract such subsidiary heads of account as will enable it to furnish any special information required by higher authority, and to prove other subsidiary accounts and registers.

Transfer entries.

36. Transfer entries, namely entries by means of which an amount is transferred from one head of account to another, shall be made in the following cases :—

(*a*) to correct an error of classification, by deducting an amount from the head to which it has been incorrectly credited or debited, and adding it to the head to which it should have been credited or debited ;

(*b*) to adjust an advance against a bill for expenditure, by adding the amount to the proper head of expenditure and to the head " Advances " on the receipt side ;

(*c*) to adjust a recovery of expenditure, in which case the amount recovered shall first be credited to the receipt head " Miscellaneous—other items " and then adjusted by deduction from that head and from the head of expenditure to which it was originally debited.

37. (1) Transfer entries shall always be made as soon as the necessity for them is discovered, but no such adjustment shall be made in accounts which have been finally closed for the year.

(2) Every transfer entry shall be entered in Form No. 10, showing the head or heads of account to be debited and the head or heads of account to be credited and the grounds upon which the adjustment is made. The entry shall be initialled by the Executive Officer and shall then be entered in the classified abstract of receipts and expenditure in the place provided.

Explanation.—In the case of the two heads " Advances " on the receipt side and " Deposits " on the expenditure side entries under which will be mainly on account of adjustment by addition, the items may be entered in the body of the classified abstract instead of at the foot thereof.

Annual Account.

38. (1) The Cantonment Authority shall prepare annually a consolidated account showing the receipts paid into, and payments made from, the cantonment fund, classified under the several major and minor heads contained in the budget estimate.

(2) The total of the details under each head of receipts and payments, as given in the consolidated account, shall agree exactly with the figures appearing against the entry "From 1st April to date" under the same heads in the classified abstract.

(3) A certificate shall accompany the consolidated account to the effect that the closing balance as shown in the account has been compared with the balance as shown in the treasury pass book and found to be correct.

(4) The consolidated account shall be forwarded in duplicate to the Examiner of Local Fund Accounts who shall compare the two copies and forward one copy to the Officer Commanding-in-Chief, the Command, retaining the other copy in his own office for check by the auditor during audit with a view to furnishing the certificate of correctness prescribed by rule 11 (*2*).

Exception.—The provisions of sub-rules (*2*) and (*3*) so far as they relate to the local audit of accounts, shall not apply to the Aden cantonment fund.

39. The Officer Commanding-in-Chief, the Command, shall forward to the Local Government, as soon as possible, after the close of each financial year, a statement showing under the several major and minor heads of receipt and expenditure in the budget estimates, the actual income and expenditure of each of the cantonment funds in his Command for the preceding financial year, together with a certificate showing that the closing cash balance of each fund, as shown in the annual account prescribed by rule, has been compared with the balance as shown in the treasury pass book and has been found to be correct.

Miscellaneous Advances.

40. All advances other than permanent advances and advances from the provident fund shall be entered in a register in Form No. 11. All the advances outstanding at the end of the previous year shall be first entered and thereafter each advance made during the year shall be entered as soon as it is made. The total of the advances made during every month as shown in this register shall be agreed with the corresponding monthly total shown in the classified abstract, and the former shall be initialled by the Executive Officer in token of such agreement. When an advance is recovered in cash, or adjusted by deduction from a bill or by transfer entry, the amount shall be noted against the original advance in the column for the month in which the recovery or adjustment is made.

Adjustment by bill shall not be made unless such bill has been accepted and passed.

The monthly columns for recoveries shall be totalled at the end of the month and the total shall be agreed with the corresponding credit under "Advances" in the classified abstract of receipts and initialled by the Executive Officer.

The register shall be balanced at the end of the year and the outstanding balances carried forward to the next year.

Scrutiny of Bills.

41. (1) In addition to accounting for all the expenditure incurred, it shall also be the duty of the Executive Officer to see that no charge is paid twice over, and that budget allotments are not exceeded.

(2) To guard against the possibility of double payments and other irregularities and complications in accounts and also in order to keep a watch on liabilities and their adjustment, a personal ledger may be kept by the Cantonment Authority in Form No. 12 for persons with whom business is continuously carried on or a running account is kept.

(3) When work is done for private persons for which payments have to be made to the person doing the work and recoveries are made from the persons for whom the work is done, separate accounts shall be kept in the personal ledger for the person doing the work and for the person for whom the work is done and cross references given.

CHAPTER IV.—ESTABLISHMENT AND CONTINGENT CHARGES.

Scale Register.

42. (1) The entire establishment of the Cantonment Authority shall be recorded, under the signature of the Executive Officer, in a scale register in Form No. 13. For the purpose of pay and audit, establishments which are charged under different major heads of the budget estimates shall be treated as distinct establishments and shall be distributed into "sections," a separate page being allotted to each section in the scale register. The "sections" in the register shall exactly correspond with those in the pay bill.

(2) Temporary establishment shall be recorded separately from the permanent establishment at the end of the space allotted for the latter, the period for which the temporary establishment has been sanctioned being distinctly specified in the column of remarks.

Explanation.—By temporary establishment is meant establishment which is employed and paid by the month. Daily labour is not included in the term temporary establishment and is a contingent and not an establishment charge.

(3) All other fixed recurring charges, *e.g.*, rents, contributions, etc., shall be recorded in a separate page of the scale register.

Revision of establishment.

43. When any change, permanent or temporary, is proposed in the number, or pay, of appointments in the establishment of the Cantonment Authority, a letter fully explaining the proposals and the conditions which have given rise to them shall be submitted to the Officer Commanding-in-Chief, the Command. In this letter should be set out—

(*i*) the present cost, either of the "section" or "sections" affected, or of the total establishment, as the circumstances of the case may indicate to be necessary;

(*ii*) the cost of the revision;

(*iii*) details of the number and pay of the appointments which it is proposed to add or modify;

(*iv*) the ability of the Cantonment Authority to meet the additional expenditure from its normal income; and

(*v*) the date or dates from which the proposed changes are to take effect.

44. (1) In cases of general revision of establishment, or of proposals which cannot be set out clearly otherwise, a proposition statement in duplicate in Form No. 14 showing clearly the financial effect of the proposed change shall also be submitted.

(2) If the change would affect only a section or a portion of the establishment, the proposition statement shall ordinarily be confined to the section or the portion of the establishment affected by the proposal.

45. One copy of the orders conveying the sanction of the Officer Commanding-in-Chief, the Command, shall be filed for reference at the time of audit, together with the proposition statement, if any.

Pay bills.

46. (1) Except in case of dismissal, transfer, resignation or death, or of advances admissible under rules, pay shall not be drawn except on the first working day of the month following that by the labour of which it is earned.

(2) The pay of the entire permanent establishment of the Cantonment Authority shall be drawn on one monthly pay bill in Form No. 15; the names of incumbents on less than Rs. 10 may be omitted from the pay bill.

(3) When pay is drawn for a portion of a month only, the rate at which, and the number of days for which, it is drawn, shall be entered in column 1 under the name of the incumbent. Pay, acting and leave allowances, whether drawn or not, shall be entered in columns 3 to 6. Pay and allowances not drawn but held over for future payment shall be entered in column 7, the reason for their being held over being briefly noted. When the amount is subsequently drawn on a supplementary bill reference to the drawal shall be given in the original bill from which the charge was withheld in order to prevent a second claim being entertained. The establishment of each section shall be grouped, marked off by a line and totalled separately in red ink.

(4) Arrear pay shall not be drawn in the ordinary monthly bill, but in a separate bill, the amount claimed for each month being entered separately with quotation of the bill from which the charge was omitted or withheld or on which it was refunded by deduction, or of any special order granting with retrospective effect a new allowance. Such bills may be paid at any time and may include as many items as are necessary.

(5) The pay of all temporary establishments shall be billed for separately in the same form, the sanction being quoted.

(6) Officials absent on leave or deputation or under suspension shall be clearly shown as such in the monthly pay bills and any acting arrangements that may have been made shall be noted.

(7) Fines shall not be recovered in cash from the pay of establishments, but shall be entered in column 8 of the pay bill.

(8) The pay of daily labourers shall be drawn on muster rolls.

47. In the case of officials transferred to the service of the Cantonment Authority from Government service or service under another local authority and drawing pay for the first time from the Cantonment Authority, payment shall be made only on production of a last pay certificate.

48. Two cheques shall be drawn in payment of a pay bill, one in favour of the President or Executive Officer for the net salary payable (column 12) and the other in favour of the Postmaster for the subscriptions and contributions to the Provident Fund (total of columns 11 and 14).

NOTE.—(*i*) Income-tax should be credited to Government in accordance with local practice. A cheque for the amount may be drawn in favour of the Income-tax officer or his nominee, or the amount may be included in the cheque for the salary and the cheque endorsed "Pay by transfer credit to Government on account of income-tax Rs. ....."

NOTE.—(*ii*) Care should be taken to see that the amount in column 14 representing the contributions to the Provident Fund by the Cantonment Authority is posted in the classified abstract under the sub-head "Contribution to Provident Fund," the remainder of the bill being taken to the head for the pay of the establishment concerned.

Distribution of salaries.

49. (1) When the pay bill has been drawn the money shall be promptly disbursed to the payees concerned and their signatures taken in the proper column of the bill, which shall be stamped, if necessary, by the payee. If the payee does not present himself before the end of the month, his pay shall be refunded by short drawal on the next bill and redrawn when he presents himself.

(2) The Officer signing a pay bill is personally responsible for all salaries drawn thereon until the same have been paid to the proper recipients and the latter have signed acquittance for the same. When the recipient is illiterate his thumb impression shall be taken.

(3) Salaries shall be disbursed by the Executive Officer in person or by such other official of the Cantonment Authority as the Cantonment Authority may direct.

50. If in any case it is impracticable to obtain the payee's receipt on the bill itself, and in the case of employees on less than Rs. 10 whose names may have been omitted from the pay bill, a separate acquittance roll in the following form may be obtained and attached to the bill, a remark to this effect being made in column 13 of the bill.

Acquittance roll of . . establishment for _____ 19 .

Name.	Post.	Pay.	Deductions as per bill.	Net amount paid.	Signature of payee.

PROVIDENT FUND.

51. In the case of employees permitted to subscribe to the Cantonment Provident Fund under the Cantonment Provident Fund Rules, the amounts subscribed by employees and contributed by the Cantonment Authority (including sanctioned bonuses if any) shall be noted in the appropriate columns of the pay bill, and shall be paid into the Post Office Savings Bank, whenever possible, between the 1st and 4th of each month so that interest may accrue.

The Provident Fund may be invested in Government securities in accordance with the Post Office Savings Bank rules, or in Government of India loans.

52. For subscribers to the Provident Fund, a Provident Fund ledger in Form No. 16 and broadsheet in Form No. 17 shall be maintained and written up in accordance with the following provisions:—

(1) Amounts credited or debited to the Provident Fund shall, on the same day, be posted in the provident fund ledger, the credit side of which shall tally with the entries in the pay bill.

(2) The entries in column 7 of the ledger shall, except in the case provided by clause (5), be made once a year only.

(3) As soon as possible after the close of the month, the minimum balance at the credit of the account between the close of the 4th day and the end of the month, shall be entered in column 14 of the ledger and carried into the broadsheet.

(4) At the close of the financial year the columns of the broadsheet shall be totalled, and the amount of interest added by the Post Office in the pass book on the entire amount of the sums deposited during the year to the credit of the Cantonment Authority, less any amount already entered during the year under clause (5), shall be distributed among the individual accounts proportionately to the sums of each column (disregarding fractions of a rupee) of the broadsheet.

The "total of interest payable" shall correspond with the amount of interest added by the Post Office.

(5) When an account is paid, transferred, or closed, interest shall be calculated on that account only, as nearly as possible in accordance with the rules in force in the Post Office.

The amount of interest calculated shall be entered in column 7 of the ledger against the account concerned and in the appropriate place in the broadsheet, before payment is made.

(6) At the close of each month, the grand total of column 13 of the provident fund ledger for such month shall be compared with the closing balance shown in the Post Office Savings Bank pass book and any discrepancy explained in a footnote in the ledger.

53. When an account is written off under the rules as a dead account it shall be closed in the provident fund ledger, and money shall be drawn out of the Savings Bank and credited in the general cash book as a miscellaneous receipt. If the amount is subsequently claimed, the fact of payment shall be noted against the entry in each account book to avoid a double payment.

54. The recovery of advances made from the provident fund shall be watched through a register in the same form as, but kept separate and distinct from, the Register of Advances (Form No. 11). The entries of repayment in this register shall be made from the pay bills. The instalments of the advance as recovered shall be noted in column 11 of the pay bill and added to the monthly subscription shown therein, a note being made in the remarks column of both the bill and the ledger to show how much is on account of recovery of advance and how much on account of the monthly subscription.

Contingent charges.

55. (1) All miscellaneous charges for which forms have not been prescribed elsewhere in these rules, shall be drawn in a contingent bill in Form No 18, unless the claimant presents his own bill or statement of account, in which case payment shall be made on that document.

(2) In the case of travelling allowance the following details shall be furnished in the bill :—

(*a*) Name and designation of the officer.
(*b*) Maximum pay of the appointment.
(*c*) Dates and hours of journeys and halts.
(*d*) Route from and to.
(*e*) Purpose of journey.
(*f*) By rail or otherwise, etc.
(*g*) If by road, the number of miles.

Permanent Advance.

56. An Executive Officer or any official whose duties cause him to incur petty expenses which must be paid before money can be drawn on a contingent bill may, with the sanction of the Cantonment Authority, be allowed a permanent advance of an amount fixed on the supposition that recoupments will be made at least once a month.

All permanent advances shall be recorded in a register in Form No. 19.

57. Each holder of a permanent advance shall on first receiving it and thereafter on the 1st of April in each year, sign an acknowledgment in these terms—

"I acknowledge to have in my possession a permanent advance of Rs. which sum is due from and to be accounted for by me".

On transfer of charge of an office a similar acknowledgment for the full amount shall be signed by the relieving officer and shall be filed.

58. Each officer holding a permanent advance shall keep up a permanent advance account in Form No. 20 in columns 1 to 6 in which shall be entered the items of expenditure from the advance as they occur. All sub-vouchers and receipts shall be preserved and assigned a serial number to be entered in the advance account. The headings of the columns shall follow the items in the budget estimates and the serial number of the sub-vouchers shall always recommence with No. 1 after each recoupment.

59. (1) When the cash in hand is running low, and at the end of the financial year, whatever the amount in hand may then be, the permanent advance shall be recouped as follows :—

A red line shall be ruled across the page of the permanent advance account, the total of the items cast, and a contingent bill prepared in Form No. 18, in which full details of expenditure shall be given. The contingent bill shall be supported by vouchers. The officer responsible for the permanent advance shall compare the contingent bill with his permanent advance account, initial the grand total in the latter, and having stamped the sub-vouchers as "cancelled" sign the contingent bill, and submit it to the cantonment office for payment.

The recoupment of expenditure from the last recoupment to date, shall always be made in full so that the amount in hand will be the full amount of the advance.

(2) In the case of recoupment of the permanent advance held by the President or Executive Officer, the disbursement certificates and payment order may be recorded in the permanent advance account register itself and a contingent bill need not be prepared.

CHAPTER V.—PUBLIC WORKS, STORES AND STOCK ACCOUNTS.

Entries may be in pencil except the figures for "contents" which shall be in ink.

(2) The measurements so recorded shall be checked by the official in charge of the work and the book initialled by him. The calculations in the measurement book shall be checked in the office.

(4) The measurement books shall be serially numbered and when completed shall be filed in the cantonment office where their return shall be watched through the stock book of forms.

Bills.

63. (1) Contractors' bills shall be submitted and paid monthly, final bills being marked clearly as such.

Before payment the bill shall be compared with the plans and estimates, if any, and checked with the measurement book by the official in charge of the work, who shall then countersign it and pay it from his permanent advance or pass it for payment to the cantonment office.

(2) The page of the measurement book shall be noted on the bill at the time it is passed, and the serial number in the register of works shall be similarly noted at the time the bill is entered in such register.

(3) In the case of work carried out by daily labour, a muster roll in Form No. 23 shall be maintained by the official in charge of the work, and shall be written up daily by the Overseer or official deputed for the purpose.

Completion Report.

64. Final payment for a work shall not be made until a completion report has been made by the official appointed by the Cantonment Authority in this behalf that the work has been satisfactorily carried out in accordance with the sanctioned plans and estimates, material variations, if any, being explained.

Estimate for Stores.

65. The Cantonment Authority shall cause to be prepared for each department, *e.g.*, public works, conservancy, lighting, etc., an estimate in the following form for the stores required during the ensuing financial year :—

Description of stores.	Balance in hand on (date).	Number or quantity required.	Number or quantity to be purchased.	Estimated cost.	Remarks.

This estimate shall be accompanied by a statement showing how the estimated requirements have been arrived at.

66. (1) The estimate shall be considered by the Cantonment Authority along with the budget and orders shall be passed thereon as to whether tenders are to be invited for the supply, or whether the stores are to be purchased in the open market at rates approved by the Cantonment Authority.

(2) When the annual estimate has been passed by the Cantonment Authority the Executive Officer or any official authorised by the Cantonment Authority in this behalf may obtain stores as required from time to time up to the amount in the sanctioned estimate at the rates in the accepted tender, or the rates approved by the Cantonment Authority, as the case may be.

67. (1) If any stores are required which are not included in the sanctioned estimate, or in excess of the amount or quantity entered therein, or which cannot be obtained at the rates approved of by the Cantonment Authority, a supplementary estimate shall be submitted for the special sanction of the Cantonment Authority provided that in cases of emergency the President of a Cantonment Board may sanction such estimate and lay it before the Board for approval at the next meeting.

(2) In cantonments where there is no Board, the estimate shall be sanctioned by the Commanding Officer of the cantonment.

Register of Immoveable Property.

68. A list of immoveable property belonging to the Cantonment Authority shall be maintained by the Cantonment Authority in a register in Form No. 24.

The original cost of the property or a valuation made by the Executive Engineer, as well as the cost of any additions made to it from time to time or any decrease in value shall be noted in this register. If the property is rented out or sold a note to this effect shall be made in the remarks column under the dated initials of the Executive Officer.

69. All moveable property of a permanent or durable nature such as engines or machines, conservancy and road, watering carts and animals, lamps, lamp-posts, lawn-mowers, meters, furniture, etc., shall be recorded in a register of moveable property in Form No. 25, under the initials of the Executive Officer or such other official as the Cantonment Authority may direct, or, in the case of departments under the direct supervision of a separate official, under the initials of that official. When the property is disposed of finally by sale or otherwise, the particulars of disposal shall be entered in columns 8-12 under the initials of the Executive Officer or official, as the case may be, who shall be responsible that the register is a complete record of such moveable property belonging to the Cantonment Authority as is required to be shown therein.

Stock Books.

70. (1) For expendable stores such as public works and workshop stores, fodder, gram, disinfectants, oils, chimneys, spare parts, etc., stock books shall be kept by the officials in charge of the departments or stores, in Form No. 26, in which a separate page or pages, according to requirements, shall be allotted to each kind of store.

(2) When any articles are sold to the public or used on works done for private persons, the entry in column 7 of the stock book shall clearly indicate to whom the things have been sold or on what particular work they have been used, and necessary references shall be given in the remarks column to admit of the recovery or adjustment of the cost being traced to the appropriate account.

(3) The stock books shall be closed monthly and the balances verified by the officer who keeps the book, and the fact of verification with the date noted under his initials in the column of remarks.

71. Before a bill is passed for payment the officer passing the payment order shall see that the articles billed for have been entered in the appropriate stock book or the property register, as the case may be, and that a reference to the entry in the register is quoted in the bill.

Lighting.

72. To enable the Cantonment Authority to exercise a check upon the quantity of oil consumed, a scale shall be prepared, showing the quantity of oil consumed in a given time by lamps of the different patterns in use in the cantonment. A copy of the sanctioned scale shall be kept in each oil godown. The Executive Officer or official in charge of lighting shall periodically check the consumption of oil by comparison with this scale.

Verification of Property.

73. The whole of the moveable property of the Cantonment Authority as recorded in the stock books or register of moveable property shall be verified by the Executive Officer at such intervals, not exceeding one year, as the Cantonment Authority may prescribe.

The verifying officer shall initial the entries in the registers, and furnish a separate certificate indicating the results of his verification.

CHAPTER VI.—MISCELLANEOUS.

Register of Loans.

74. All loans received by the Cantonment Authority shall be recorded in a register of loans in Form No. 27, each instalment of a loan, as it is taken, being recorded in column 4. Each entry in the register shall be attested by the Executive Officer. A separate page shall be opened for each loan; and loans from Government shall be kept distinct from loans received from other sources.

Register of Investments.

75. A record of investments shall be maintained in the register of investments in Form No. 28. Each entry therein shall be attested by the Executive Officer. Government securities shall be kept distinct from other investments.

Registers of Deposits.

76. (1) All deposits made with a Cantonment Authority, otherwise than in cash, *e.g.*, Government paper, or other stock, or security bonds, shall be recorded in a security deposit register in Form No. 29. In the case of bonds, if property is hypothecated, a brief description of the property shall be given in the remarks column, and the heading of column 10 shall be changed to "name of depositor."

(2) Deposits in cash shall be noted in a Register of Deposits in Form No. 11. Separate sets of pages shall be set aside for each class of deposit, and each part of the register shall open with the details of the outstanding balances of the previous year as shown in the register of that year. The deposits received during the year shall then be entered in the proper part as each transaction occurs. At the end of the month a total of the deposits received during it shall be made and the total reconciled with the corresponding figure in the monthly classified abstract and initialled by the Executive Officer.

Repayments in cash or by transfer shall be noted against the original credit in the column for the month in which the refund is made and a total of the postings shall be made at the end of the month and agreed with the corresponding figure in the classified abstract. Unclaimed deposits, which under rule have not already been transferred to the credit of the cantonment fund, shall on the expiry of three years be so transferred by transfer entry in the manner described in rule 36 (*a*). A deposit once credited to the cantonment fund shall not be repaid without the sanction of the Cantonment Authority.

Annual verification of Securities.

77. Securities shall be examined and verified by the 1st of April of each year, and a certificate of verification shall be given by the Executive Officer in the remarks column of the register against each entry therein.

Statement of dues realized by Courts.

78. Courts realizing fines, which under any law in force are creditable to the cantonment fund, or arrears of a cantonment tax, shall submit to the Cantonment Authority a monthly statement of the sums remitted by them direct into the treasury for credit to the cantonment fund. Sums so received shall be brought to account direct from the pass book into the general cash book, before the latter is closed for the month: provided that, on the receipt of the monthly statement, the entries therein shall be checked with the

pass book and any discrepancy reconciled before any entry is made in the general cash book.

If a refund is ordered, a note of the refund shall be made against the original credit entry in the monthly statement concerned before payment of the refund is made.

Stamp Account.

79. In order to enable a check to be kept upon the number of stamps expended by each department using stamps upon the business of the Cantonment Authority, a stamp register shall be maintained in Form No. 30. This register shall be used primarily for postage stamps, but also for receipt or other stamps, separate pages being allotted for each description, and columns 5 and 6 being modified as required. The balance of stamps in hand shall be verified once a month by the official in charge of the department, who shall make a note of the verification in the remarks column under his signature. This register will also serve the purpose of a despatch register.

Filing of vouchers.

80. Vouchers and *chalans* shall be numbered serially for each month, and shall be filed with the sub-vouchers in support of them in guard files in the cantonment office.

Acquittance rolls may be filed separately in the cantonment office.

Indent for Forms.

81. The Cantonment Authority shall obtain all forms prescribed by these rules or by other rules under the Act from the Deputy Controller (Forms), Calcutta. On or about the 1st November in each year an indent in a form to be obtained from the said Deputy Controller shall be sent to that officer for the forms likely to be required during the following financial year. The cost of the forms supplied shall be paid immediately on receipt of advice from the Deputy Controller of the amount due.

Stocks of Forms.

82. (1) An account of all forms shall be kept in the stock book (Form No. 26) in the cantonment office. In the case of forms in which receipts for money received are granted, the entry in columns 4 and 8 shall clearly indicate the printed book or other number of the books received and issued. The books shall be issued in serial order and a new book shall not be issued until all forms in the book it replaces have been used and the book with the counterfoils returned, a note of the return being made in the remarks column under the dated initials of the issuing official.

(2) The balance of forms in stock shall be verified periodically by the Executive Officer.

(3) Vouchers, registers and other forms shall not be eliminated or destroyed otherwise than in accordance with the general rules regulating the retention or destruction of cantonment accounts records contained in the First Schedule to these rules.

MAINAMATI SURVEY SCHOOL.

(Post-office Mainamati, district Tippera.)

Admission Rules (Provisional).

THE Mainamati Survey School is a Government institution under the administrative control of the Director of Industries, Bengal. It is situated on the Mainamati Hill, four miles from the Comilla railway station in the Tippera district.

2. The Principal is charged with the general control of the school and the maintenance of discipline.

3. The full course of instruction extends over two years, either the full course may be taken, or the first year's course only. At present the session for the first year's course begins from the 1st August terminating on the 31st July of the following year.

4. The session for the second year's course extends without a break from the first Monday in November to the middle of September of the following year.

5. It is a residential institution and the students are required to reside in the school premises and must conform to the rules sanctioned by Government. Students may live

with their parents or with approved guardians with the special permission of the Principal. The messing charges for Hindu students average about Rs. 10 per month. Owing to the paucity of Muhammadan students they are allowed to make their own messing arrangements.

6. The qualifications for admission to the first year's course are :—

(*a*) A sound knowledge of elementary arithmetic.
(*b*) Ability to write simple English and vernacular.
(*c*) Fitness for arduous field-work.
(*d*) A certificate of character from the head of the institution where he was last educated.

NOTE.—Preference will be given to those who have passed the Matriculation Examination or received higher education.

7. The maximum age of the candidates for admission to the 1st year's course should be under 21 years on the 1st January of the year of admission, but an exception to this rule may be made in special cases.

8. Application for admission into the first year's course must be accompanied by a registration and examination fee of Rs. 3 and should reach the Principal's office on or before the 30th June. The registration and examination fee shall, in no case, be refunded.

9. Candidates who do not possess a fair knowledge of English will not be ordinarily promoted to the second year class.

10. All payments, whether on account of tuition fees, boarding and lodging, must be made at the Principal's office on or before the 15th of each month. After that date no payment shall be taken, unless accompanied by a fine of Re. 1 for every three days' delay. If the payment is not made during the month for which it is due, the defaulting student's name shall be struck off the school roll, and he will not be re-admitted until he has paid all arrears, together with any fines which may be due from him and a re-admission fee of Rs. 5.

11. The following monthly fees, payable for twelve months, are charged :—

	Rs.	A.	P.	
School fees	3	0	0

14. Leave for short periods not ordinarily exceeding ten days in a year may be granted to students by the Principal in special cases. Students present at the school but unable to do any work on medical ground are excused from attending the class on the recommendation of the resident medical officer but frequent leave on petty excuses may render a student medically unfit for the course and his name may be struck off the roll.

15. The admission fees are as follows :—

	Rs.
Admission to school	2
Ditto hostel	2 (Hindu students only).
Ditto athletic club	1

16. Every student shall pay a caution-money deposit of Rs. 5. This sum will be refunded to the student when he finally leaves the school, after deducting any charges for loss or damage done to school or hostel property or non-payment of any dues.

STATEMENT OF OBJECTS AND REASONS.

In an area of about 390 square miles in the Sundarbans of Khulna district, notifications constituting villages within the meaning of clause (*10*) of section 3 of the Bengal Tenancy Act were not published until the years 1914 and 1916. In connection with the settlement operations now being carried on in Khulna district, the question arose whether tenants who have held lands in this area for more than 12 years have acquired occupancy rights. In a suit between the Port Canning and Land Improvement Company and some of their tenants, the High Court have held that occupancy rights have not accrued, and that in order that an occupancy right may be acquired, the land must be held in a village for a period of 12 years, and that if the land has not been comprised in any village in the statutory sense, the condition of acquisition of the occupancy right has not been complied with.

The result of this ruling is that, unless legislation be undertaken, tenants who have held lands in this area for more than 12 years cannot be shown as possessing occupancy rights in the record of rights which is now being prepared. The object of the Bill is to confer the status of a settled raiyat on such tenants and thereby to make it possible for the Settlement Officer to show in the record-of rights that they have occupancy rights. The declarations constituting villages in this area under clause (*10*) of section 3 of the Bengal Tenancy Act were made with the object of enabling the tenants to acquire occupancy rights, and it is considered just that they should not be deprived of these rights by the interpretation which has been given to the existing law by the High Court.

The matter is urgent, because the Director of Land Records reports that the record-of-rights of part of the area affected is now being printed. It has therefore been decided to introduce this Bill without waiting for the introduction of the Bill amending other sections of the Act.
